ABRUZZO

CANTINA TOLLO

Cantina Tollo deserves great credit for having forged the way forward in Abruzzo and for having served as an encouraging example for the region's more than 30 cooperative wineries. That today it is no longer alone in searching for a balance between good quality and fair pricing simply sheds further lustre on the program set in place years ago by Tommaso Perantuono, Giancarlo Di Ruscio and Goffredo Agostini.

WHITE

ALDIANO TREBBIANO D'ABRUZZO D.O.C.

Grape Variety: 85% TREBBIANO, 15% CHARDONNAY

Undoubtedly one of the regions best whites. Good intensity and persistence on the nose, distinguished and balanced on the palate with fabulous structure.

CRETICO CHARDONNAY TERRE DI CHIETI I.G.T

Grape Variety: 100% CHARDONNAY

Full bodied, with intense straw-yellow golden highlights. Ripe, fruity aroma with tropical nuances that blend delicately with a touch of spicy vanilla, sugared almonds and honey.

MENIR TREBBIANO D'ABRUZZO D.O.C.

Grape Variety: 100% TREBBIANO

The Trebbiano truly stands apart from the usual easy-drinking versions that are unable to provide exciting or magical moments. A peremptory and authoritative example of great personality. Unquestionable quality transcends its geographical origins. Golden yellow, its thick perfumes laden with nuances, it combines an evolved character with surprising freshness.

PECORINO TERRE DI CHIETI I.G.T.

Grape Variety: 100% PECORINO

One of the more monumental wines in Abruzzo's winemaking repertoire, it is made using grapes from very low-yield ten year-old eponymous vineyards. Tollo produces a wine of great complexity in which freshness combines with a luscious richness of texture. The floral aromas are elegant and the flavours have exceptional depth and length. Irresistibly racy. Amazingly consistent.

PINOT GRIGIO ROCCA VENTOSA I.G.T.

Grape Variety: 100% PINOT GRIGIO

Golden straw-yellow with flecks of light green. Fruity, with aromas of fresh fruit and elegant floral notes. Full, well-balanced with good structure.

TREBBIANO D'ABRUZZO COLLE CAVALIERI D.O.C.

Grape Variety: 100% TREBBIANO

Hints of pale green run through the straw-yellow colour of this wine. Exotic fruits on the nose, with fine floral notes. Medium-bodied delicate, sapid with an almond aftertaste.

TREBBIANO D'ABRUZZO D.O.C.

Grape Variety: TREBBIANO D'ABRUZZO (Bombino Bianco) and some local varieties.

From the steep hillsides surrounding the wine village of Tollo, close to Italy's Adriatic coast, this clean, fresh, grapey white has subtle hints of almond and lemon.

ROSÉ

HEDOS MONTEPULCIANO D'ABRUZZO CERASUOLO D.O.C.

Grape variety: 100% MONTEPULCIANO

This wine is an intense and bright rosé with purplish nuances. The bouquet is of ripe fruits with gentle flowery aromas with a touch of spice. Full-bodied, soft and lingering.

RED

ALDIANO MONTEPULCIANO D'ABRUZZO D.O.C.

Grape Variety: 100% MONTEPULCIANO

This wine realises the full potential of Montepulciano grapes by revealing the typical aromas of ripe plum and liquorice. Spicy notes with great, long-lasting character.

MONTEPULCIANO D'ABRUZZO COLLE CAVALIERI D.O.C.

Grape Variety: 100% MONTEPULCIANO

Medium bodied ruby-red with intense fruit flavours. Well-balanced with good structure.

MONTEPULCIANO D'ABRUZZO COLLE SECCO D.O.C.

Grape Variety: 100% MONTEPULCIANO

Deep, mature ruby-red and a rich full nose. Notes of oak and spice, full bodied, ripe and round.

MONTEPULCIANO ROSSO TERRE DI CHIETI I.G.T.

Grape Variety: 100% MONTEPULCIANO

Full-bodied red made from a selection of Montepulciano grapes, aged in various types of oak barrel. It has a pleasant, lingering bouquet with notable hints of plum and marasca cherry. Soft and smooth on the palate.

CASAL THAUERO

NEW!

An imprint on the senses, intoxicating aromas and velvety flavours that gently remind one of a territory's character. This is where the significance of Casal Thaulero's wines lies, residing in the metamorphosis of grape into wine. Behind the process lies the passion and careful professional attention of Casal Thaulero's oenologists, Romeo Taraborelli (named amongst Capital magazine's top 12 oenologists in Italy), Pasquale Caldora, and Lino Olivastrì. The process is a long and natural one, during which the nature of the wine is established through the developing aromas, flavours and the identity of the terroir that it expresses. The secret to the unique character of Casal Thaulero's wines resides in the dialogue between the wine and its creator during the final stages, when greatness is elevated to the sublime, and all elements combine to harmoniously become one. Casal Thaulero's wines are born from noble vines and undeniable dedication that comes from the winemakers' ability to truly appreciate the

WHITE

PASSERINA SUPERIORE D.O.P "DUCA THAUERO"

Grape Variety: Passerina

Pale yellow with golden nuances. The bouquet is delicate yet complex, with hints of white flowers that combine with citrus notes and traces of spice. Fresh and elegant flavours exalt the enchanting olfactory sensations, making the flavours surprisingly persistent. Ideal food pairings include rich hors d'oeuvres, complex, rich fish-based dishes, white meats. Sublime coupled with raw fish.

PECORINO TERRE DI CHIETI I.G.P "ORSETTO ORO"

Grape Variety: Pecorino

Straw yellow in colour with faint green reflections. The bouquet is fresh with pleasantly fruity notes. The freshness is mirrored on the palate which is simultaneously dry and harmonious. This is an excellent wine to enjoy as an aperitif or with appetizers and fish dishes.

TREBBIANO D'ABRUZZO D.O.C

Grape Variety: Trebbiano

Straw yellow with greenish reflections with a fresh and fruity bouquet. The palate is soft, smooth and fragrant. Excellent as an aperitif, ideal with appetizers and fish dishes.

RED

MONTEPULCIANO D'ABRUZZO D.O.C

Grape Variety: Montepulciano

Ruby red in colour with faint violet hues. A vinous and intense bouquet combines with a pleasantly tannic, full-bodied and harmonious palate making this wine an ideal pairing for pasta and red meats.

MONTEPULCIANO D'ABRUZZO D.O.C "ORSETTO ORO"

Grape Variety: Montepulciano

Deep ruby red in colour with a pleasantly intense bouquet. Dry, harmonious and full-bodied with hints of vanilla and red fruit. A perfect accompaniment to pasta dishes, roasts, grilled meats and cheeses.

CALABRIA

LIBRANDI

Calabria's viticultural history is among the most ancient in Europe, with local athletes returning from early Olympic games being greeted with Krimisa, one of the earliest European wines. The family-owned Librandi winery is adding to this heritage with a very 21st century dynamism at a state-of-the-art facility just outside the coastal town of Cirò. Calabrians are separated from the rest of Italy by mountain barriers, and the strong regional identity this has instilled is reflected in Librandi's decision to spurn international grape varieties and to promote the area's myriad indigenous varieties on a bigger stage. While they are experimenting with over 150 varietals, Gaglioppo remains the principal grape, responsible for a range of impeccable red wines, with whites made from the floral Greco grape.

WHITE

CIRO' BIANCO D.O.C.

Grape Variety: 100% GRECO BIANCO

Old vines have been used here to produce an outstanding result. Splendid delicate yellow colour, a bouquet of honey, a fresh, full bodied palate and an elegant finish.

ROSÉ

CIRO' ROSATO D.O.C.

Grape Variety: 100% GAGLIOPPO

Bright pale pink in colour and very clean, flowery aromas on the nose. The palate is fresh, dry, fruity and well-rounded.

RED

DUCA SAN FELICE CIRO' ROSSO RISERVA D.O.C.

Grape Variety: 100% GAGLIOPPO

Powerful and full-bodied in every respect, starting with the dark-red colour. The nose is warm and sweet with a Southern personality. On the palate the warmth and sweet fruit are juicy and mouth-filling.

CIRO' ROSSO CLASSICO D.O.C.

Grape Variety: 100% GAGLIOPPO

Bright-red colour with an elegant, spicy nose containing a hint of pepper in the classic Southern style. The palate is rounded, soft and drinkable with subtle hints of jam.

VAL DI NETO ROSSO MAGNO MEGONIO

Grape Variety: 100% MAGLIOCCO

The nose is open, lingering and rich with spices to the fore, followed by fruity notes of cherry and small berries. The palate has stunning entry with lively, soft tannins and great concentration. A masterpiece.

DESSERT

LE PASSULLE BIANCO PASSITO DELLA VAL DI NETO I.G.T.

Grape Variety: 100% MONTONICO

Passito Passulle is made from indigenous grapes that no one would ever have guessed capable of such superb results. Matured in small oak casks, the wine is luminous gold in colour with green highlights. Pleasant aromas on the nose with accents of exotic fruit, apple and flowers. It is full, almost fat, on the palate.

CAMPANIA

AZIENDA AGRICOLA MALATERRA

RED

MALATERRA AGLIANICO DEL VULTURE D.O.C.

Grape Variety: 100% AGLIANICO

Dry, full, lush taste. Deep garnet-red in colour. An immense floral, fruity and spicy bouquet. Full-bodied, exceptionally full structure and noble silky tannins.

Vintage	Vol	Size
2003	14.0%	6 x 75 cl

AZIENDA AGRICOLA VINOSIA

The Irpinian hill is unique: its soil, its produce, its cuisine, its people. An ancient farming tradition combines with highly varied territory rich in historical legacy to make up a patrimony that every inhabitant obstinately and jealously wants to preserve. Artistic and archaeological reminiscence of this illustrious past melds with the beauty of typically Mediterranean growths. At its pinnacle is the release of Marziacanale, a brilliant Aglianico. It has spectacular concentration and intensity, blending with impeccable elegance. The whites are fresh with up-front fruit. Suavemente, created from a blend of Fiano and Greco, has an explosion of ripe tropical fruit and a concentrated, supple palate. The other wines are all of a very high standard. And what can be said about Essenza Malvasia? We do not want to gush, but for elegance, cleanliness and richness it comes very close to the best throughout Italy.

WHITE

DOCEASSAJE D.O.C.

Grape Variety: GRECO DI TUFO, FIANO DI AVELLINO

The blend of Fiano and Greco, selected from the best grapes, gives origin to unexpected and original aromas and taste that bind together the persuasive fruit of Greco and the floral elegance of Fiano.

2008 13.0% 6 x 75 cl

ESSENZA DI MALVASIA DEL SALENTO I.G.T.

Grape Variety: 100% MALVASIA

Impeccable aromatic definition and superb quality on extraction. A luminous gold, its intense bouquet unfolds on the nose and pitches with fruit, chestnut and honey, then floods onto the palate with a long finish.

2006 13.0% 6 x 75 cl

FALANGHINA BENEVENTANO I.G.T.

Grape Variety: 100% FALANGHINA

Vivid straw-yellow in colour with a hint of green. Intense and persistent nose, rich, fruity with floral notes. Sapid, well structured and harmonious; fruity tasting note.

2010 13.0% 6 x 75 cl

FIANO DI AVELLINO D.O.C.G.

Grape Variety: 100% FIANO DI AVELLINO

Pale straw-yellow colour with a clean, elegant bouquet and floral, fruity notes. After a year in bottle the nose develops complexity with floral aromas intensified and blending with notes of raisin and honey. The palate is dry and elegant with good aromatic persistence.

2010 13.0% 6 x 75 cl

GRECO DI TUFO D.O.C.G.

CAVICCHIOLI U. E FIGLI

The Cavicchioli family continues to represent the best traditions of ancient Lambrusco grape variety. Established in 1928, they are leaders in winemaking in the Modena area. Cavicchioli, for example, were among the first cellars to produce genuine Lambrusco Bianco, and their version still has far more character than most others in the market. Cavicchioli have invested in the image of dry red Lambrusco, both the dry Lambrusco di Sorbara and the sweet Lambrusco Grasparossa is intensely flavoured and very frothy! Also recommended are both dry and sweet versions of the Malvasia dei Colli Piacentini, which are sparkling with a delicate, grapey aromatic flavour.

LURETTA

The first production of Azienda Agricola Luretta was made in 1994. The estate of Lucio Salamini is spread over 57 hectares, divided into four separate allotments. Some of the vineyards are located in Val Lauretta and some in Val Nure. With the 2002 harvest, the winery has moved to Castello di Momeliano at Gazzola and a new cellar is currently built. After years of awards and recognitions, the Salamini family confirmed the trend by presenting this range of outstanding wines. Total production 230.000 bottles per year. The agronomy imprint is of no interference and no fertilizer in full respect both of the vineyard, and the natural development of vine and the environment. The low production is the consequence of this method of cultivation that helps to reduce the necessity of intervention against the diseases.

LOMBARDIA

AZIENDA AGRICOLA BELLAVISTA

Entrepreneur Vittorio Moretti's success in the building industry allowed him to indulge his passion for wine in the creation of a small estate. It began virtually as a hobby, but over the years it became the focus of Moretti's work. Bellavista now produce wines of real finesse and individuality. The 50ha of vineyards are cultivated according to organic principles, and planting densities are high in order to limit yields per vine. In cellars carved into the hillside above Lake Iseo, vinification reflects both avant-garde techniques and many of the traditions of Champagne. Long ageing on the lees in bottle is de rigueur for the sparkling wines, and the barrique is employed with great subtlety. For the Franciacorta wines, 40% of the juice is barrel-fermented. The resulting house style is characterised by an elegant balance, classy yeasty nose, a very fine perlage and persistent mousse. Bellavista has been awarded a particularly highly esteemed prize.

MARCHE

COLONNARA

The Colonnara Cooperative in Cupramontana was established in 1959 and has now 183 small growers owning nearly 300 ha. Apart from a high-tech approach to vinification, production is characterised by an effectively "organic" approach to viticulture, using minimal treatments and only natural fertilisers. Verdicchio is unjustly unfashionable in the U.K. At its best, as in Cuprese – a selection from low yielding 20 year old vines – it can be a wine of real personality. The characteristic salty tang of the Verdicchio grape is supported by a positive, ripe, soft texture that develops well with bottle age.

BERSANO

The origin of Bersano dates back to the 1920's, when Giuseppe Bersano acquired land and vines from the Count Cremosina in the Asti Area. His son Arturo further developed the company and extended the production to most of Piemonte's classic DOCs of the Asti and Alba areas. Today Bersano are one of the region's leading producers, the majority of their 3 million bottle production originating from their own vineyards.

CASCINA CASTLE'T

The wines of Cascina Castlèt were an instant hit when we took them in 1996. Thanks to a unique combination of brilliantly innovative packing and exciting and rare styles of wine, they have quickly developed a cult following. As with so many of our quality-obsessed smaller producers, we have noticed further improvements in winemaking with the new vintages. Passum is their most famous wine, a Barbera made – almost like an Amarone – from partially dried grapes. Quantities are extremely limited and demand is high. Other notable wines include Litina – a cru Barbera d'Asti with considerable depth and concentration, and a sublimely scented Moscato d'Asti and Avie' – an intense

LEONE DE CASTRIS

The history of Leone De Castris matches that of wine in Apulia, as for the past three centuries this winery has proudly expressed and stressed through every single sip of its wines this noble tradition. A.D. 1665: Duke Oronzo Arcangelo De Castris, Count of Lemos, establishes the Winery on the very spot of today's modern plant, in Salice Salentino. Several large estates located in the surroundings of the small hamlet of Salice are planted mainly with vineyards and olives. The development both on the winery and the vineyards goes on, more and more prestigious prizes are awarded. In addition to traditional grape varieties (Negroamaro, Primitivo, Malvasia, Verdeca, Aleatico, Moscato, etc) some new vines are introduced (Montepulciano, Merlot, Carbenet Sauvignon, Chardonnay, Sauvignon, etc.), but the main efforts are still focused on the improvement and spreading of the autochthonous qualities. The Leone De Castris winery produces noble D.O.C. and I.G.T. wines, excellent sparkling wines, a noticeable brandy, and a high quality extra virgin olive oil.

SARDEGNA

CANTINA DI GALLURA

Winemaking in Sardegna is on the rise in number of wines produced and wineries also on quality. This is simply because the region growers and producers have been making serious efforts for years now. Many growers now positively and actively flaunt the island pride to the benefit of local varieties, territories and designated zones. Carignano which has brought visibility to the still underrated Sulcis zone with ungrafted wines and perfect marine site climate. Not to mention Vermentino which is softer and more Mediterranean in southern areas, fresher with more minerals and tangier on the granite based soils of Gallura. Cantina di Gallura has 135 member growers who manage 350 hectares under vine and a big acclaim go to winery manager and winemaker Dino Addis who especially in the last few years has created a range of excellent wines focusing on dominant varieties in Gallura, Vermentino. Stylistic precision in the house, style in showcase products as well as in the base line which is always released at very competitive prices.

SARDUS PATER

Situated on the Isle of Sant'Antioco, on the south-eastern part of Sardinia, Cantina Sardus Pater was founded in 1949 as a co-operative society which began trading in 1955. Over the years, production was concentrated and refined to growing mainly Carignano grapes over 300 hectares of vineyards. These are planted on sandy ground and are 80 years old producing a low yield per hectare of very high quality grapes. In 1994 Sardus Pater began producing Vermentino. Each bottle produced is the result of high quality wine obtained from picking the best grapes and the great care taken during the vinification process.

The oenologist Riccardo Cottarella has been responsible for the winemaking since 2005. Sant'Antioco has been a point of reference for the Sulcis area wine growers since ancient times, due to the high product quality obtained - this is also enhanced by the "Latin sapling" method used in growing the vines. Against a background of mediterranean shrubland, strawberries, myrtle, juniper and mastic bushes, there are roughly 200 hectares of "own rooted" vines. They have an average life span of 60-70 years, but in exceptional circumstances can reach 150 years providing a unique heritage. The thick planting patterns and the decidedly restrained yields that are never higher than 5 tons per hectare, give rise to a product that is rich in phenolic compounds, an excellent basis for the production of aged wines.

SICILIA

ANTICHI BARONATI

The year is 1860, the year of the Expedition of the Thousand, and Italy stands on the cusp of unification. This momentous year also saw the birth of the Antichi Baronati name. The house of Antichi Baronati went on to mirror the breadth of new conquests, expansion of horizons and propagation of borders of the Risorgimento. This period was one of steady growth of a wine that, with historical importance on its side, has since travelled around the world becoming renowned across continents. Antichi Baronati's Sicilian Marsala is aged in large wooden barrels from which only small quantities are taken at a time and replaced with equal measures of young wine. Antichi Baronati's Marsala is the product of careful selection of only the best Grillo, Inzolia and Catarratto grapes. These are then fortified with alcohol during the fermentation process and worked upon in accordance with the ancient practice of adding 'cooked' must which is responsible for the characteristic amber colour and the delicacy of this wine. Antichi Baronati is aged in fine oak casks for a year, until its warm amber colour, full aromas and unique flavours are ready to be dispensed to the most passionate of gourmands.

NORMANNO

The arrival of the Normans on the island of Sicily heralded a period of heightened greatness for the region's wine. Throughout the 50 years that the normanno brand has been present on the Sicilian market it has taken inspiration from this period of flourishing productivity. The normanno name reflects ancient and authoritative roots, offering authentic Sicilian wine with a modern look and presenting fantastic variety while respecting the diversity of traditional Sicilian winemaking. Drinking normanno takes you on a journey across the hills of Alcamo from where the Insolia, Syrah, Nerello Mascalese and Nero d'Avola grapes, all IGT wines, and Doc Alcamo Bianco and Alcamo Rosso originate. It means to travel along the coast of Marsala, to enjoy the minerality of Grillo and the softness of Moscato, Zibibbo and Malvasia, to plough the burning soil of Etna Rosso Doc. The wisdom and dedication of experienced winemakers always ensure the quality of certified, healthy and affordable wines, made with advanced technology. All carefully selected. All strictly Sicilian. All authentically normanno

TERRELIADDE

The essential base for the Terreliade project is the countryside around Sambuca di Sicilia, a commune 105 km. to the north-west of Agrigento, on the shore of Lake Arancio. From the estate buildings, surrounded by vineyards that overlook this invaluable expanse of water, one can admire the bare valleys, enriched only by the presence of almond and olive groves. The landscape here is austere yet absolutely enchanting. The estate's vineyards, which lie at an average altitude of 350 meters (1,150 ft), are notable for their soil with a high proportion of characteristically yellow- coloured clay, of medium depth, containing little organic matter but with certain limestone content. The winery is equipped with all the technological plant necessary for preserving in the finished wines the great wealth of typical characteristics that the local climatic conditions

TIMPA GIADDA GRILLO BIANCO DI SICILIA I.G.T.

Grape Variety: 100% GRILLO

Grillo is an indigenous grape variety with great personality and intense perfumes. Once used merely as a component in the blend for Marsala, it in fact lends itself, as a 100% varietal, to making fine dry white wines. The altitude of the vineyards and their exposure are very significant in this context: these are fundamental factors for highlighting a wine's perfume. Timpa Giadda undoubtedly goes best with traditional fish and seafood dishes, but it is also delicious with white meats and fresh cheeses.

BIONDI SANTI - Tenuta "Greppo"

Ferruccio Biondi Santi first isolated the Brunello clone of Sangiovese in the late 19th C. and he and his successors created a wine capable of extraordinary ageing. Today, the concept of a Brunello Riserva that needs a quarter of a century to show its true class may seem an anachronism. We prefer to salute Biondi Santi as a monument to tradition and uncompromising quality. Older vintages cellared by the producer, are available to special order.

COL D'ORCIA

The Col d'Orcia Estate covers some 540 ha near Sant'Angelo in Colle in the southern part of Montalcino, including 142 ha of vineyards and 30 ha of olive groves. Col d'Orcia is one of Montalcino's most dynamic wineries, with massive investment in cellar technology and vineyard research. Thanks to consultant Maurizio Castelli and oenologist Pablo Harri, the wines are in the(modern) vein: Brunello di Montalcino has the classic tarry complexity but with a supple structure of fruit and soft tannins. The cru Poggio al Vento comes from 4 ha vineyard and is widely considered one of the finest expressions of Brunello. Rosso di Montalcino is excellent value with delicious ripe strawberry flavour. Ghiaie Bianche is one of the finest of Tuscany's new crop of oak-fermented Chardonnays: now with a better balance between ripe fruit and toasty oak.

PODERE GUADO AL MELO

This is one of the most exciting estates that have emerged from Bolgheri in recent years. Attilio Scienza with Michele (Attilio sons, and Caterina wife) over the past eight years have taken this small estate and built it into a superstar of Bolgheri. The 30 ha estate is a real model. The vines are planted in density of 4 – 5000 vine per ha, that gives low yields per vine. As result they produce wine at remarkable prices that sit at the top of the quality ladder in Italy. Podere Guado al Melo is located on the Tuscan coast, in the heart of the Bolgheri denomination. In his work at Guado al Melo, youthful grower-winemaker Michele Scienza draws upon a rich heritage of wine knowledge built up over several generations, from his grandfathers who were farmers, to his father Attilio, professor of viticulture. The Scienza family has preserved Tuscan tradition, adding to it their collection of Mediterranean and Caucasus varieties. The overarching goal is to craft distinctive, natural wines that will clearly reflect their terroir, the person who made them, and the grape varieties that yielded them.

JASSARTE ROSSO DI TOSCANA I.G.T.

Grape Variety: 40 different grapes variety from Mediterranean and Caucasus region

The passion and research so characteristic of Attilio Scienza have given birth to Jassarte, fruit of the union of Mediterranean varieties with others of the Trans-Caucasus region. The Trans-Caucasus plays a role of pivotal importance in the history of viticulture and wine. Jassarte was the name the Greeks gave to Syr Dar'ja, the river that, along with the Indus, marked the furthestmost point of Hellenic territorial expansion in Asia and the homeland of non-Mediterranean influences on Greek art.

I GIUSTI & ZANZA

Paolo Giusti and Fabio Zanza started the refurbishment of the old winery Scopocci in the province of Pisa in 1995, transforming it from a winery dedicated to quantitative production to a new establishment producing high quality wines from low yields vines. The transformation was possible thanks to the oenologist – agronomist Stefano Chioccioli. Dulcamara and Belcore are the first releases of this brand new winery.

PETRA				
This splendid property is situated in the heart of Maremma Toscana at Suvereto (LI) on the hill that rises from Val di Cornia towards the Colline Metallifere (metalliferous hills). The 300 hectares of vineyards, which include cork trees, Mediterranean shrubs and olive trees, is an area caressed by breeze from the close Tyrrhenian Sea that favours the microclimate suitable for the ripening of the grape. A landscape immersed in Greek, Etruscan and Roman anthropological beauties. The company's aim is to produce wine with international flavour and a Mediterranean touch. The philosophy behind the various phases of Petra's project is to generate value and quality through nature. As a result, the architectural structure is based on nature, where each step of the production process has no need of mechanical intervention. For the refining process, open spaces and tunnels right in the heart of the hill have been conceived, where temperature and humidity are most balanced and as a result, aromas and scent are refined in search of smoothness, richness and complexity.

Grape Variety: 40% SANGIOVESE, 30% MERLOT, 30% CABERNET SAUVIGNON Ebo recalls the historical roots of Suvereto, it was in fact the name of the ancient Etruscan settlement. The colour is a brilliant ruby red, the bouquet is subtle with a hint of blueberry, on the palate is lovely, elegant, long and very attractive with a delicious note of sweet fruit and well blended oak.				
PETRA TOSCANA I.G.T.	2006	14.5%	6 x 75	cl
Grape Variety: 70% CABERNET SAUVIGNON and 30% MERLOT Merlot and Cabernet Sauvignon two varieties that have proved to be perfectly suitable for the kinds of soil found in Petra. The elegance and smoothness of Merlot, sensitive to dry weather favouring hilly and fresher climates and Cabernet Sauvignon that is at its best on barren, unfertile and well hydrated soils. From perfectly matured grapes this is a wine of quite exceptional breath and richness of structure. On the nose, hints of undergrowth and kaleidoscope aromas. A velvety softness in the mouth, of incomparable elegance, with the finish that perfectly expresses the varietals character together with all the potential of the "terroir". Good acidity with spectacular finish of an absolutely awesome length.				
QUERCEGOBBE TOSCANA I.G.T.	2007	14.0%	6 x 75	cl
Grape Variety: 100% MERLOT This wine takes the name of the vineyards, located on the hills facing the sea, an ideal location for Merlot. Quercegobbe future is already written in its soil very similar to Pomeol the Kingdom of Merlot. The bouquet is very typical and elegant intense dark in colour with truly staggering bouquet of ripe blackcurrant, with well knit new oak. Richness and power are again apparent on the palate, where fruit reigns. It achieves a fine balance and great finesse. Grand in structure and extremely well made wine.				
ZINGARI TOSCANA I.GT.	2008	13.0%	6 x 75	cl
Grape Variety: MERLOT, SYRAH, PETIT VERDOT, SANGIOVESE The wine is fresh and pleasing. It is open up immediately with flowery and fruity note which combine with a pleasant vegetable background. The taste is aromatic and full bodied displaying a wealth of fruity, spicy, cherry flavours, with velvety texture, soft tannins and long finish.				

RUFFINO

World famous as a Chianti producer, during the last 25 years Ruffino have diversified their production to become one of Tuscany's most important ambassadors for quality wine. The Folonari family's strategy of acquiring and developing "tenimenti" – individual estates in specialised zones – has given their portfolio great variety and personality. Ruffino now owns a total of 1.500 ha of land including 400 under wine. This diversity reflects the best of both modern and traditional winemaking. The Ruffino flagship has always been the magnificent Riserva Ducale Chianti Classico, which was originally the private reserve of the Duke of Aosta. Ruffino's new style of wines is well represented by Libaio, a delicious, fresh, lightly perfumed blend of Chardonnay and Pinot Grigio. In June 2000, the Folonari decided to officially divide their wine holdings. As a result, Ruffino is now owned by two brothers, Marco and Paolo Folonari, and their sons. Their leadership has freshly infused the Ruffino brand.

Their visionary approach to winemaking means that Ruffino will continue to meld the wisdom of tradition with both the benefits of innovation and dedication to quality. Ruffino's newest generation has already witnessed at least one important change. The family purchased its first estate outside Tuscany at the end of 2001: Borgo Conventi, In Italy's Friuli-Venezia-Giulia region.

SANTA MARGHERITA

Burton Anderson cites the "amazing consistency" of Santa Margherita as one of the reasons for its success. Its Pinot Grigio is one of those wines that you can order anywhere on the planet with total confidence. Behind this rock-solid quality lies great attention to detail in the selection of grapes, as well as meticulous vinification and quality control practices. Apart from the leading brand Pinot Grigio which started the snowball of fashion for this grape in the 60's, Santa Margherita has an original portfolio very representative of the territory, underlined by the reds, amongst the finest in eastern Veneto.

UMBRIA

Az. Agr. ANTONELLI SAN MARCO

The property is composed of 170 hectares, located in the centre of the Montefalco DOCG region. This area, featuring hills surrounded by woodlands, has an ideal microclimate for vines and olive groves. The soil, featuring both clay and chalk deposits, dates from different geological periods, and this variety adds a series of nuances to the wines. 10 hectares are specialised for the cultivation of olives and 30 hectares are planted with vineyards. No grapes are purchased since the estate only works with its own produce in order to offer products of the highest quality. The wine's potential and characteristics can therefore be evaluated and controlled during every production phase.

CORINI

The Tenuta Corini estate is situated in an area of Umbria that is as beautiful as it is unknown, and its winemaking potential is still largely untapped. Montegabbione is the Corini family's town of origin, so, when returning after 30 years in Switzerland with their dear friend Achilles Buser, owners Fausto and Antonella Corini decided to invest the fruits of their labour in the ancestral home. They built a beautiful cellar, perfectly integrated with the surrounding landscape, and restored the adjacent villa to provide guest accommodation. Their aim is to contribute to the discovery and development of the land, which also means producing the great wines that are one of its distinctive features.

CAMERTI PINOT NERO I.G.T

Grape Variety: PINOT NOIR

This wine takes its name from the Camerti people who were the original inhabitants of the old eponymous region, now known as Umbria. Tenuta Corini is responsible for introducing the pinot noir grape to the area having recognised that both soil and climatic conditions are ideally suited to the variety. After fermentation the wine is matured for six months in oak barrels and then spends one year in bottle.

FRABUSCO ROSSO I.G.T

Grape Variety: SANGIOVESE, MONTEPULCIANO and MERLOT

Frabusco's name derives from a combination of the winery owners' initials. One might say that it reflects their philosophy in life: a blend of wealth and history (sangiovese and montepulciano) and the strength of modernity (merlot). A few months of ageing in barriques and a long period in bottles enhance the wine's own special characteristics, revealing the unexpected, unexplored features of the land.

LA CUSTODIA

In the heart of Umbria, on the border between Gualdo Cattaneo and Montefalco, nestled in Umbria rolling hill where the sun drenches their grapes and instills power and strength in the wines. The Farchioni family refounded the vineyard and winery "The Azienda Agraria Terre de la Custodia" evoking once again its old origins as grape-growers and winemakers dating back as far as 1780. It is here that the Franciscan friar and P. Clares of Montefalco sheltered the ancient clone vine as the Sagrantino, one of the only indigenous grapes variety helping them to survive. And it is in its microclimate that the agronomic and oenological teams conducted exhaustive soil study to recreate the ancient art of winemaking.

CA'RUGATE

Ca'Rugate established by the Tessari family in 1986, takes its name from the volcanic hills where most of the vineyards are to be found. The Ca'Rugate vineyards cover 40 hectares, 30 of which are located within the commune of Monforte d'Alpone in the rugged heart of Soave Classico; and 10 hectares in the commune of Montecchia di Crosara in nearby Valpolicella. For many generations, these gentle sloping hills have been a cradle for high quality wines; due to the unique sunny microclimate and rich volcanic soil. Ca'Rugate uses only indigenous grape varieties such as Garganega, and Trebbiano di Soave for white wines; and Corvina, Rondinella and Corvinone or reds. In the vineyard, they use modern pruning techniques, along with careful canopy management and green pruning; while the latest vinification techniques bring out distinctive aromas and refined flavours in the wines. With all this natural potential from the vineyards, three generations of the Tessari family have combined their respect for the soil and tradition, with a passion for winemaking. They have come to recognise that the quality of a wine comes first and foremost from the vineyard and only later in the cellar is completed. At Ca'Rugate, the winemaking philosophy is to remain true to the varietal character of the grapes. Modern techniques such as gentle pneumatic pressing and temperature controlled fermentation are used to allow the fullest possible expression of the quality from the vineyards. This builds upon years of local experience to produce a range of wines that are modern, expressive and yet true to their origins.

SANTA MARGHERITA

Santa Margherita has been based in the Veneto region since its foundation in the 1930s, where the climate is tempered by the nearby Adriatic Sea and seasonal temperature variations are moderate. Vines that thrive in this environment include Malbec and Refosco dal Peduncolo Rosso. High planting densities prevent excessive exertion of the vines, whilst water resources are fully capitalised upon by means of an in-group drip irrigation system, used during periods of severe water shortage. The interpretation of wine trends has always been key to Santa Margherita's success. A good example is its Prosecco, which the group first released in 1952, almost two decades before the creation of the DOC zone, now a DOCG. The gently sloping terrain around the towns of Conegliano and Valdobbiadene has morainic soil and a climate with substantial temperature fluctuations. The grapes that create Prosecco Santa Margherita are sourced from the celebrated hills of Valdobbiadene.

ROSÉ

PINOT GRIGIO ROSE' I.G.T.

Grape Variety: 100% PINOT GRIGIO

The grapes are harvested during September then destemmed crushed and left to a brief cold maceration to bring out the primary aromas. The faint pinkish hue tends towards light copper. Fresh delicate aromas that open up in the glass and an excellent balance between mellow fruit and fresh acidity on the palate.

2010	12.0%	6 x 75 cl

TORRESELLA cont.

RED

CABERNET DEL VENETO I.G.T.

Grape Variety: 100% CABERNET

An intense ruby red wine with a characteristic herbaceous flavour when young. It has balanced tannins with a full harmonious body.

MERLOT DEL VENETO I.G.T.

Grape Variety: 100% MERLOT

A ruby red wine of good full body. It has a slightly herbaceous taste and scent. Vinous, with hints of raspberry when young.

SPARKLING

PROSECCO SPUMANTE D.O.C. NEW

Grape Variety: 100% PROSECCO

The aroma brings a fragrance of spring flowers, pear and apple, while on the palate, a fine string of bubbles is your first indication of the quality of this Prosecco. The flavor is soft, with a creamy fruitiness with hints of almond. This wine is great as an aperitif or with dry sweets and soft cheeses. Serve well chilled.

CHILE

Viña Falernia, Elqui Valley, Vicuña

A new winery founded in 1995 by Aldo Olivier Gramola in collaboration with Italian enologist Giorgio Flessati, this is Chile's northernmost wine estate.

WHITE

CHARDONNAY

A classic chardonnay from the fertile Riverina area: intense tropical fruit flavours combine with toasty oak to give a rich but supple mouthfeel- ideal with rich foods.

SAUVIGNON BLANC

The elegant, balanced Sauvignon has notes of gooseberry and elderflower with lovely, crisp acidity.

RED

CABERNET SAUVIGNON

Cabernet Sauvignon is Chile's most widely grown variety and has produced the most consistent results to date.

MERLOT

Merlot is rich in colour and substance, supple with impressive harmony and spice deriving from maturation in barriques.

SYRAH RESERVA SAN ROCCO

Rich and complex with a magical concentration of fruit and stupendous, outstandingly deep colour, with a sweet nose of rich ripe Syrah. A truly complete wine on the palate with a series of sweet sensuous aromas combined with the full, ripe, intense flavour of fruit. A wine of impressive length and elegance. It is one of Chiles great wines which adds rare elegance to a beautifully balanced range of flavour.

DOMAIN DES BROSSES

WHITE

SANCERRE (from the Loire region)

Light, bright lemon yellow in colour, with a ripe, open perfume which follows through to an immediately appealing palate. This is an open and accessible Sancerre, crisp and clean on the palate with gooseberry fruit and a good fresh mineral finish.

HENRI LA FONTAINE

WHITE

CHABLIS

Chablis has a pale colour, with a distinctively delicate bouquet, with fruit aromas and hints of oak; on the palate is generous, with well-balanced flavours of apple and honey.

NEW ZEALAND

Mount Riley, Marlborough

A relatively new name from New Zealand, Mount Riley crushed its first grapes in 1996. Today the winery owns a total of 123 hectares in 4 prime Marlborough locations. The operation takes its name from the peak that dominates the vineyards. Owners John Buchanan and Steve Hotchin believe in producing the highest possible quality at the most reasonable price. The winemaker is an Aussie, Bill Hennessy, otherwise known as "Digger".

WHITE

SAUVIGNON BLANC

2010 13.5% 12 x 75 cl

Sauvignon Blanc has a powerfully aromatic bouquet, with hints of tropical lime; complex layers of flavours overlay the palate from mango to earthy capsicum. A classic Marlborough Sauvignon. Drink now or cellar until 2005.

PORTUGAL

CASA SANTA EUFEMIA

In 1894 Bernardo Rodrigues de Carvalho founded the Quinta de Santa Eufemia, and the estate is still owned and run by the Carvalho family today. Santa Eufemia is a small operation with all the hallmarks of a passion for quality wine production. Production comes exclusively from its own spectacular Douro Valley vineyards. The estate is renowned for its fine old tawny ports which have a majestic depth and complexity, rising through the range to the pinnacle of the 40 year old – still vibrant after 40 years in cask. Even the regular tawny and vintage character are real wines, worlds away from the mass market blends that are sold by the big Port houses at similar prices. The LBV 1995 is a genuine late bottled vintage kept in wood for twice as long as a single vintage port, therefore lighter in style and ready to drink. The 1999 Vintage is a monster, still closed but full of densely-packed fruit and ripe tannins.

SOGRAPE

MATEUS ROSE'

The grapes from which MATEUS ROSE' is made are carefully selected from the best quality red varieties grown in Northern Portugal. A method called bica aberta with long fermentation under controlled temperatures is used to achieve the particularly well-balanced, fresh and fruity quality of the wine.

ITALIAN BEER

ICHNUSA

Sardinia's most popular beer is made in a light Pilsener style with 4,7% alcohol. The word Ichnusa is the dialect name for the island of Sardinia. The brewery was founded in 1915 and today is part of the Heineken group. Ichnusa's refreshing, slightly bitter style comes from a long, cool fermentation process.
